## Product Description

### UV Resistant Color Cutting Vinyl Sticker Suitable for Self-Adhesive Application

#### Product Description:

The self adhesive color vinyl is typically composed of the high quality and flexible PVC (polyvinyl chloride), which is known for its durability and weather-resistant properties, thus suitable for both indoor and outdoor purposes.

Moreover, the vinyl sheet also comes with its special adhesive backing, allowing it to be adhered easily on a variety of surface, such as glass, metal, wood and plastic, while providing a strong bond at the same time.

Furthermore, the vinyl exists in numerous colors, including solid colors, metallic finishes, matte, and glossy options, so that wide range of creative designs can be made for various projects.

Also, it is compatible with cutting plotters and vinyl cutters, which are machines to cut digital vector files into vinyl material. And such self adhesive vinyl is incredibly versatile, able to be used for signage, banners, vehicle windows, laptops, walls and mobile devices.

Finally, the process of weeding and transferring the vinyl onto the desired surface, oftentimes requires the use of transfer tape, which we also supply. Please feel free to contact us for more information.

#### Technical Parameters:

Our products have a thickness of 0.08mm, and a width of 1220mm and 600mm. They come in rolls of 50 or 45 meters in length.

We have more than thirty colors to choose from, with matt or high gloss surface finishes.

Customers can benefit from our OEM and ODM services.

#### Applications:

Self-adhesive color vinyl is a versatile material that can be used for various creative and practical applications. Its adhesive backing allows you to easily apply it to different surfaces. Here are some common uses for self-adhesive color vinyl:

**Signage and Banners:** Self-adhesive color vinyl is commonly used for creating signs and banners. You can cut it into letters, shapes, or graphics to design custom signs for businesses, events, or personal use.

**Vehicle Graphics:** Many businesses and individuals use self-adhesive vinyl to create vehicle graphics, including decals, wraps, and promotional messaging on cars, trucks, and even boats. It's an effective way to advertise and customize vehicles.

**Wall Decals:** Self-adhesive vinyl can be used to create decorative wall decals and graphics for homes, offices, and retail spaces. It's a popular choice for adding personalized touches to interior design.

**Window Graphics:** You can apply self-adhesive vinyl to windows for various purposes, including advertising, privacy, and decorative window displays. Perforated vinyl is commonly used for one-way window graphics.

**Custom Apparel:** Heat transfer vinyl (HTV) is a type of self-adhesive vinyl that is used to create custom designs on clothing and textiles. It's popular for creating personalized T-shirts, hats, and other apparel items.

**Craft Projects:** Self-adhesive color vinyl is often used in various crafting projects. It's suitable for creating custom stickers, labels, home décor items, and more.

**Promotional Products:** on display logos, branding, or customized messaging, vinyl stickers and decals can be added on promotional products like notebooks, water bottles, laptops, and phone cases.

**Architectural Details:** Vinyl film can be used in architectural applications to add ornamental features to surfaces such as doors, cabinets, and furniture, as well as to create faux finishes and duplicate the look of wood or other materials.

**Floor Graphics:** Self-adhesive vinyl can be used to make long-lasting floor graphics. These are frequently used to guide foot traffic or advertise products in retail establishments and events.

**Safety and Wayfinding Signs:** In public areas, hospitals, schools, and industrial settings, self-adhesive vinyl is utilized to create safety signs, labels, and wayfinding signage.

**Seasonal & Transient Decor:** You can make transient decorations for events, parties, or holidays with self-adhesive vinyl. It is simple to use and takes off without causing any surface damage.

**Sports Equipment:** Self-adhesive vinyl graphics can be added to some sports equipment, such helmets and skateboards, to add personal flair or branding.

Making the appropriate vinyl choice for your particular application is crucial when utilizing self-adhesive color vinyl (e.g., indoor vs. outdoor use, permanent vs. removable adhesive). To guarantee a clean and durable outcome, appropriate installation methods and surface preparation are also crucial. Consistently adhere to the manufacturer's guidelines for the specific vinyl product you are using.

## Packing and Shipping:

---

Packaging and Shipping of Self Adhesive Vinyl Film

Self Adhesive Vinyl Film should be packaged in a secure and sturdy manner to ensure its protection during transportation.

For smaller pieces, the vinyl should be wrapped in plastic wrap and then put into an airtight box.

For larger pieces, a larger box should be used and the vinyl should be wrapped in bubble wrap or foam sheets.

The box should be marked clearly with the contents and the name of the recipient.

The package should then be sent using a reliable shipping method, such as UPS, FedEx, or DHL.
